

Dear Young World Explorer,

Camp Botswana Expedition 2025

We are thrilled to announce our **Camp Botswana Skills Development Program** for 2025! This enriching camp offers a unique opportunity for students to not only develop important life skills but also immerse themselves in the vibrant culture of Botswana.

Students will be engaging in practical hands-on activities and local community interaction, they will learn about animal management and also learn about the local culture and traditions and gain practical skills that promote teamwork, leadership, and problem-solving. Whether working on a sustainable community project or learning traditional crafts from the local artisans, students will leave with lifelong memories and valuable experiences.

Of course, it's not all work—there will be plenty of time for adventure and exploration. Campers will have the chance to experience thrilling safaris, explore the natural wonders of the region and learn about the importance of conservation in this ecologically rich country.

If this sounds like a great fit for your child, we invite you to register your interest for the October 2025 program. The cost for this unforgettable experience is £2,700. A deposit of £600 is payable by **Wednesday 18th December 2024** and will secure your child's place on this expedition.

For more information, a member of the team is available for questions every Wednesday at 6:00pm. Please email info@campbotswana.org for a link to the session. If you have any questions prior to the Information session, or are unable to attend, please express your interest via email info@campbotswana.org.

We look forward to sharing more about this exciting adventure!

Best regards,

The Camp Botswana Team
