

November 2024

Dear Sponsor,

Re: Camp Botswana Expedition July 2025

The young person in front of you is part of a group of students that are raising funds to be able to go on an expedition to Botswana July 2025.

Camp Botswana is a Skills Development program that provides students with opportunities to learn new skills to better prepare them for adulthood. As part of many amazing activities that will be experienced, students will spend time volunteering at an animal sanctuary and will be working hard alongside an incredible team that focuses on rehabilitating animals back to the wild.

In order to reach their target, the students will be conducting a series of fundraising endeavors and so are asking you to support them with sponsorship. All donations no matter how small are very welcome!

Camp Botswana is part of Camps Abroad which is a Community Interest Company registration number 16063113. All donations go directly towards your young person attending this expedition.

If you would like more information or have any questions please contact info@campbotswana.org

Thank you!

The Camp Botswana Team
