

WAYS TO PAY

Funding the Expedition

For many families, this incredible opportunity may only be achievable through fundraising to cover a significant portion of the trip's cost (see Fundraising Ideas sheet). To make the most of this time before departure, we encourage students and families to start fundraising efforts as early as possible.

- This is phase 1 of your experience, so be sure to plan and record all of your fundraising efforts. This is called Project management which is a highly transferable and sought after skill in today's job market.
- Take the time as a family to discuss any financial contributions that may be available. It is important to ensure that, when the final payment deadline date approaches on 12th June 2025, you are ready to cover any remaining balance.
- If the full amount of the expedition cannot be raised by departure, you'll need to defer the trip and join the 2026 expedition during your Year 13.

Making Payment

The cost of the expedition is £2,900. The deadline for the deposit payment of £700 is due by Wednesday 18th December 2024. Payment can be made in full or spread over the months until June 2024. Deposits are non-refundable, however should circumstances change and the student is no longer able to go on the expedition, we will do our best to find another student to replace them.

Payments are made by bank transfer to:

Camp Botswana LTD

Sort code: 23-11-85

Account: 99920911

Reference: Your child's name

Payment Plan

Deposit £700.00 Due **18th December 2024**

2nd installment £800.00 Due **27th February 2025**
